CHIRAAG DUBEY

+91 6386734349 chiraagdubey72004@gmail.com Chiraag Dubey ChiraagDubey ChiraagDubey

Profile

- Computer Science student focused on building **AI-powered products, backend systems, and user-focused web applications**.
- Hands-on with **Next.js, Java, Spring Boot, Supabase, PostgreSQL, and LLM workflows**, with interest in scalable systems, product thinking, and data-driven development.

Experience

Digital Marketing Analyst Intern CIPS, Chandra College
Multiple Training Cycles – 2025 Lucknow, Uttar Pradesh

- Analyzed **reach, impressions, CTR, and engagement trends** to identify campaign improvement areas.
- Created **10+ Canva and AI-assisted creatives** with SEO-focused captions and platform-specific content.
- Supported campaign optimization through **keyword research, posting schedules, and performance tracking**.
- Converted campaign data into **actionable insights** for reporting, planning, and engagement improvement.

Projects

LEVEL 0 | Next.js, TypeScript, Tailwind CSS, Supabase, Vercel

- Building a **beginner-friendly portfolio builder** to choose templates, edit live content, and export production-ready code.
- Designed a **template registry architecture** with reusable metadata, default data, and runtime rendering.
- Implemented **real-time text, image, theme, and accent-color customization** across mapped portfolio fields.
- Built **Next.js App Router ZIP export** and explored resume/website-to-portfolio import workflows.

ResumAI Next.js, TypeScript, Gemini API, GPT-4, Supabase

- Built an **AI resume product** reducing editing time by **40%** through AI-assisted content generation.
- Designed **ATS-focused features** for resume improvement, keyword alignment, and structured suggestions.
- Evaluated **GPT-4 and Gemini** outputs to improve quality and relevance across resume workflows.
- Handled **200+ AI requests/week** using scalable API workflows and hosted the product on Vercel.

Privacy-First AI Chat Summarizer | Next.js, Prisma, PostgreSQL, GPT-4

- Built a **decision-intelligence product** converting high-activity group chats into updates, risks, and action items.
- Designed **privacy-first summarization flows** with scoped message selection and minimal data exposure.
- Created a WhatsApp-style workspace with group navigation, message threads, summaries, and user controls.

Expense Tracker Java, Spring Boot, MySQL

- Built a **financial tracking tool** with authentication, REST APIs, monthly summaries, and CSV export.
- Designed dashboards for **spending insights** and tracked **500+ transactions** for demos and testing.
- Implemented APIs for adding, updating, categorizing, and retrieving expenses across time periods.

Certifications

- Data Analytics Job Simulation – Deloitte — Apr 2025
- Prompt Design in Vertex AI — May 2025
- Ethical Decision Making for Success in the Tech Industry — Dec 2025
- Red Hat System Administration I (RH124) — Jan 2025

Skills

- **Languages:** Java, Python, JavaScript, TypeScript, SQL
- **Web/Backend:** Next.js, React, Tailwind CSS, Spring Boot, Node.js, REST APIs
- **Databases/Cloud:** MySQL, PostgreSQL, Supabase, Vercel
- **Core CS:** Data Structures, Algorithms, OOP, DBMS, Operating Systems
- **AI/Tools:** GPT-4, Gemini API, Git, GitHub, Postman, Claude Code, VS Code

Education

Kalinga Institute of Industrial Technology Bhubaneswar, Odisha
*Bachelor of Technology in Computer Science (GPA: **8.65** / **10.00**)* July 2023 - July 2027

- **Relevant Coursework**: Data Structures and Algorithms (C), Prob & Stat in CS (Python), Object Oriented Programming in Java

City Montessori School Lucknow, Uttar Pradesh
*Class XII - Percentage: **96%*** 2023

City Montessori School Lucknow, Uttar Pradesh
*Class X - Percentage: **98.2%*** 2021
